## Guided visit to winery, vineyards and museum + Wine tasting

Guided visit to the farm, the agricultural museum and the organic winery. We will show you how we make the wine and the organic farming. After that, you will do a wine tasting in the winery with some olives from the farm. At the end, you could purchase all our products in our winery's shop.

## Guided visit to winery, vineyards and museum + Organic food and wine tasting

Guided visit to Cortijo El Cura organic farm, winery and agricultural museum. We will invite you to visit our winery where we will explain you our winemaking process and basic information about organic farming. You will taste products from our farm or as well as handmade / traditional products. Tasting is made up: toasted traditional bread with olive oil, tomato o jam, olives and almonds from our property. This is accompanied by wine or grape juice for children. At the end, you could purchase all our products in our winery's shop.
