

# GREENWAY OF THE SIERRA

*A Greenway through the most authentic of Cádiz and Málaga*

## DESCRIPTION

The Greenway of the Sierra, which no train has ever crossed, has a length of 36km and is located at the foot of the southernmost sierras of the peninsula, between the towns of Puerto Serrano and Olvera. This exceptional journey that goes next to the banks of numerous rivers, passes through places as spectacular as the rock of Zaframagón, one of the most populated vulture reserves in Europe.

Our itinerary will take you through charming small towns, where you can enjoy a unique cuisine, its popular festivals and share your time with local people. In the city of Ronda, we will have the opportunity to learn about the process of making the best wines of the region and learn how to make some traditional Andalusian dishes. Visit crafts workshops, mills and cattle ranches, will be some of the activities that will complement this Andalusian tour.
