FLAMENCO NIGHTS ESTEPONA

Simply the best flamenco nights

IN ANDALUSIA
COSTA DEL SOL

“Mi Caseta – Flamenco Nights” is a wonderful experience that aims to show the Andalusian culture with the best flamenco music and dance, and also through the gastronomy of our land.

Our aim is to immerse the public into a magic atmosphere recreated by a carefully settled scenography of an exclusive ‘tablao flamenco’ where you can feel the culture, the magic and the emotion of the tradition and the purest essence of the Andalusian soul. We stand out for the top-quality of our show that is aimed for both international and national tourism.

The experience

The flamenco show consists of around two hours of an intense and awesome flamenco performance. Musical instruments such as the piano, sax, trombone, vocals and guitars are mixed with the passion of the dance and the flamenco soul.

The performance is divided into some thematic parts separated by breaks so that attendees can feel the flamenco experience at the same time that they enjoy a typical southern Spanish dinner. Our cuisine merges tradition and avant-garde with the integration of products from the local region. At the beginning of the show, attendees are given a bottle of ‘manzanilla’ as one of the most popular wines of Andalusia. Besides, customers have the choice to order additional drinks or portions of the offered menu.

Where?

The flamenco show takes place in a traditional Andalusian “caseta” with capacity to receive up to 200 guests and located in the Estepona Fairgrounds in the province of Malaga. A stage of more than 30m² is the main part of the facilities formed by 11 first-rate artists.
