

Exclusive parties
On sailboats or catamarans

SAIL & FUN
EVENTOS NÁUTICOS

Sailing is at your fingertips

We put at your disposal our packs designed for you to fully enjoy one of our sailboats or catamarans.

All our sailboats have a capacity for up to 12 people and are perfectly equipped to spend an unforgettable day. We have catamarans with a maximum capacity for 30 people.

We have departures from different ports of Malaga and depending on the weather, wind direction and sea conditions, we will take one course or another. Either way we will take you to cool places. We will board paddle surf boards on board so that you can paddle by open sea, it may be that during the route we can be very close to the dolphins. Although this depends on the time of the year, the skipper will navigate near the area they usually swim through.

A photograph showing the backs of three people on a sailboat deck. They are looking out over a blue sea towards a distant shoreline with buildings under a clear sky. The person on the left is making an 'OK' hand gesture. The person in the middle is a man with short dark hair. The person on the right is a woman with long hair tied back. The boat's structure is visible in the upper right corner.
